Carol-Angela Orchard is the Personal Coach of Elyse Hopfner-Hibbs. Elyse won the Bronze Medal on Beam at the 2006 World Championships in Aarhus, Denmark. This historic achievement is Canada's first ever, and still the only World Championship Medal in Women's Artistic Gymnastics.

Since moving to Great Britain in 2008, Orchard works on a freelance basis. Carol-Angela has been very active providing Coaching Education Clinics and assisting various National Teams around the world as a specialist on Beam and Floor. Orchard was instrumental in Germany winning their first ever World Medal on Beam at the 2015 World Championships (Pauline Schaefer - Bronze Medal), and the 2014 Junior European Championships (Tabea Alt - Bronze Medal on Beam). Carol-Angela is also the Artistic Preparation Coach for Men's National Team of Great Britain.

Known as a true motivator, Orchard often gives lectures inspiring those in attendance to look for positive solutions. "Dream Big, Work Hard and Be Passionate About Everything You Do" is the personal philosophy she lives by.
